ACTION OFFICER

STAT

SUMMARY: IN response to Mr. Dugan's query to [redacted] I called to respond to questions he posed concerning the ability of [redacted] to re-apply after having been turned down because of some mis-understanding between

STAT

[redacted] handled his application--and Langley and he was not hired. Would he be eligible to-reapply? Can he find out why he was rejected?

STAT

I explained to Mr. Dugan that I could not discuss details, since I did not know the background, and I did not have a Privacy Act waiver. Also, even with the waiver, I was not sure [redacted] had signed a secrecy agreement that we did not have to advise him why he was not hired. Mr. Dugan asked if I could determine whether he was rejected on security grounds, without giving him any details. Again, I said I could not.

STAT

He will now send me a letter, with a waiver signed by [redacted]
